

# Curbside Recycling for El Segundo Apartment and Condo Dwellers

**Where's *Your* Curbside?** The City provides free trash collection and now curbside recycling for single-family homes and multi-family buildings with four or fewer units. Like businesses, larger multi-family complexes are responsible for securing their own waste hauling services. If your building management does not offer recycling for residents, you have the option of enrolling in TREE MUSKETEERS' subscription curbside program for your household.

Subscription curbside is identical to the City's free recycling program except for a \$6.00 fee per household per month, and all customer service questions or concerns should be addressed to TREE MUSKETEERS.

### In a hurry?

Bring this form and your check to our office, go away with your bin and start recycling right away.

otherwise...

Mail the completed form with your check, and we will deliver your bin next week.

**TREE MUSKETEERS**  
**136 Main St.**  
**El Segundo, CA 90245**  
**310/322-0263**

**Thank you for recycling and supporting TREE MUSKETEERS!**

For about \$1.50 per week, your recyclables magically disappear from the curb or alley while you are at work. Many people think of their curbside recycling fee as an easy way to contribute to a local charity. Program profits help make our youth leadership and environmental programs possible.
